Released: March 16, 2016

FCC RELEASES FORM 477 DATA ON FIXED BROADBAND DEPLOYMENT AS OF JUNE 30, 2015

WC Docket No. 11-10

The Wireline Competition Bureau (Bureau) today released data on fixed broadband deployment as of June 30, 2015. These data were collected through FCC Form 477 and are available on the Commission's Broadband Deployment Data – FCC Form 477 webpage at www.fcc.gov/encyclopedia/broadband-deployment-data-fcc-form-477. The version of the June 2015 data released today includes any revisions made by filers before February 19, 2016. Coverage area shapefiles showing mobile broadband network deployment as of June 30, 2015 will be made available on the same webpage at a later date.

Today, users can download data on the census blocks where providers report offering fixed broadband services to at least part of the block. These data tables also indicate the technology used to offer the service and the maximum advertised download and upload speeds for both consumer and business services. The data are available in a CSV (comma separated value) format for both the entire United States and for individual states.

A description of the fields in the fixed broadband deployment data and an explanation of the modifications made to the data prior to its release are available on the Explanations of the Broadband Deployment Data webpage at www.fcc.gov/encyclopedia/explanation-broadband-deployment-data. Unless otherwise noted there, the data have been released as filed.

The Bureau also released today an updated version of the fixed broadband deployment data as of December 31, 2014. This new version reflects revisions made by filers to this round of Form 477 data between October 26, 2015 and February 22, 2016.

Additional information on Form 477 is available on the [Form 477 Resources for Filers](http://www.fcc.gov/form477) webpage at www.fcc.gov/form477. If you have questions related to the fixed broadband deployment data, please contact Chelsea Fallon at Chelsea.Fallon@fcc.gov or (202) 418-7991, or Ken Lynch at Kenneth.Lynch@fcc.gov or (202) 418-7356. For questions related to the mobile broadband deployment data, please contact Melvin Del Rosario at Melvin.DelRosario@fcc.gov or (202) 418-0615, or Alex Rybak at Alex.Rybak@fcc.gov or (202) 418-0697.
